MOVO-X

JOHOR / HEALTHCARE DEPLOYMENT REFERENCE

Klinik Muhibbah.

Pasir Gudang, Johor, Malaysia

What was supplied

MOVO-X self-service check-in kiosk hardware and software, identity reading and receipt printing, connected queue displays and staff dashboards. The platform supports remote device monitoring and updates.

Deployment photograph from the MOVO-X healthcare company profile. No patient records are reproduced in this sheet.

Why it is relevant

The documented clinic reference demonstrates kiosk supply, deployment and support in Johor. Oil & Gas adds worker, certificate, safety and payroll requirements that need site validation.

> We do not yet have a documented Oil & Gas production deployment. Demos and videos show simulated data. This reference makes no hospital deployment, performance-metric or O&G certification claim.

Reference discussion or visit

Contact MOVO-X to request a discussion or site visit, subject to clinic availability and permission.
